

BeLEADFREE

High Strength Bearing for Large Bore LEAD FREE Engines

End-of-project Conference

17th of May 2018

Institution of Mechanical Engineers

1 Birdcage Walk

Westminster, London

SW1H 9JJ

United Kingdom

Participants:

This project has received funding from the European Union's Horizon 2020 Research and Innovation programme under Grant Agreement No 691503

BeLEADFREE

High Strength Bearing for Large Bore LEAD FREE Engines

The purpose of the BeLEADFREE End-of-project Conference is to review the project development, outcomes & achievements and share any lessons learned by the BeLEADFREE Consortium partners. Attendees will have the opportunity to learn first-hand the benefits that can be achieved from adopting novel Pb-free technology for large engine bearing applications.

Agenda

- 9:00 am to 9:20 am: Welcome
- 9:20 am to 9:30 am: Initial remarks
- **9:30 am to 10:10 am: Summary of Daido Industrial Bearings Europe's contribution**
- **10:10 am to 10:50 am: Summary of IK4-Tekniker's contribution**
- 10:50 am to 11:05 am: Coffee break & Poster Exhibition
- **11:05 am to 11:45 am: Summary of Elsyca's contribution**
- 11:45 am to 12:25 pm: Summary of Coventry University's contribution
- 12:25 pm to 12:30 pm: Concluding remarks
- 12:30 pm to 2:00 pm: Work lunch & Poster Exhibition

More information about the project and a contact form can be found in the official project website beleadfree.eu
